

Cotton Ball Landscape Painting

Materials:

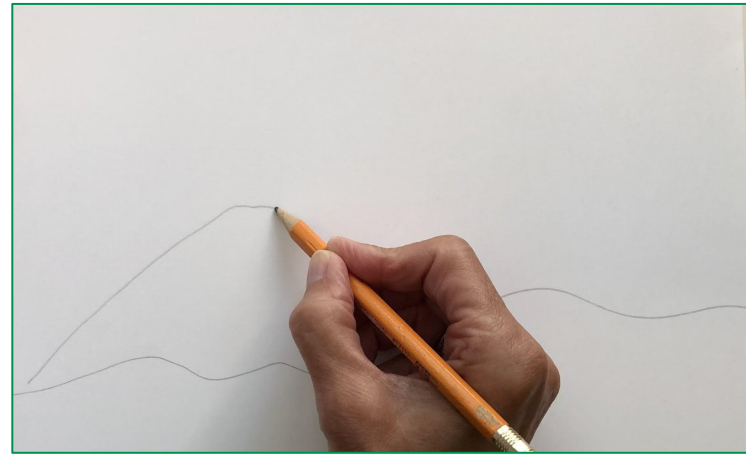

- Cotton balls
- Q-tips
- At least 3 colors paint
- Pencil
- Crayons, markers, pastels, or colored pencils
- 9 x 12 inch construction paper for your background
- Paper plate or paper to pour paints on to

1) Draw outlines for your landscape. I drew lines for land, sea and sky to represent foreground, middle ground and background.

2) Color the landscape sections with crayons, pastels, markers or pencils. I used crayons and oil pastels.

3) If you use pastels, you can "smudge" the colors together with a cotton ball to blend the colors together.

- 4) Pour the paints on a paper plate or heavy piece of paper.
- 5) Now, add paint over the landscape.
- 6) You can apply the paint with a cotton ball or a Q-tip to get different effects.
- 7) I used the cotton ball to creates clouds in the sky and the Q-tip to add details.
- 8) Feel free to make additions to your landscape. I included a crab.
