

# INTERNSHIP PROGRAM

The New Britain Museum of American Art is the first institution dedicated solely to the collections and acquisition of American art. Spanning four centuries of American history, the Museum's permanent collection is renowned for its strengths in colonial portraiture, the Hudson River School, American Impressionism, the Ash Can School, as well as the important mural series *The Arts of Life in America* by Thomas Hart Benton. The singular focus on American art and its panoramic view of American artistic achievement, realized through the Museum's extensive permanent collection, exhibitions, and educational programming, make the New Britain Museum of American Art a significant resource for a broad and diverse public.
